Instructions for completing entry form and making payments.

View and/or Print Premium List posted Below

We have made multiple changes to this year's show concerning various closing dates, numbers of rings, COVID and other topics. Please read the premium list so you are aware of the offerings, procedures, and precautions.

If you are a small club like us, hoping to provide a streamlined entry process and an exceptional experience for exhibitors, you know the struggle with handwritten USPS delivered entries. In an effort to improve the process for both our exhibitors and our dedicated show secretary, we highly encourage (well...beg) you to utilize the typeable, fill-in-the-blank, entry forms we have provided on this page.

In addition to the fillable forms, we also have set up a "store" so that you can select the show(s) and other items you are "purchasing." This will calculate the amount due and provide a link to our PayPal account. (If you are paying for other, please enter detailed notes.)

Okay...We admit it...We are not 100% online entry...

VERY IMPORTANT!! Even if you checked out and paid online, you MUST still actually print/save the entry forms once typed and send to us via either snail mail or scan the forms and email them (preferred).

You may still print the entry and ancillary forms in the Premium to hand-write.
